## “The Claires” Workshop Summer 2019

### **Suzanne Bopp**

This was wonderful – educational and inspirational!

### **Vicki Fox**

It was great and we thank you so much for your generous spirit in opening your studio and your creative practice to us.

I wanted to take a workshop with Shelley for several years and so happy I got to finally do so. Shelley is very generous in sharing her wealth of knowledge and even though I am in no way an accomplished printmaker I always felt respected and attended to. The space is beautiful and so well equipped and Shelley’s demonstrations and sharing her work was super helpful and inspiring.

Loved the space. Loved the girl time with you, Shelley. Loved learning new techniques and new ways of doing things. Grateful for your time and generosity. Many thanks.

I was so impressed! Our three days at Printmakers Open Forum opened my eyes to new techniques and new dimensions in printmaking. Shelley’s amazing gifts for sharing her extensive knowledge and experience is unforgettable. Her passion for printmaking inspired me.

The Clair Printmaking Workshop was an excellent experience to develop our skills, learn new methods of printmaking and be inspired by a master printmaker. The studio at Printmakers Open Forum is an incredible space to work in!! Shelley is an excellent instructor and learning new skills from her was just the BEST experience. I was inspired by her work on her website and seeing it in person was awesome.
